Senior Living Staff Drought: Will it ever break?

When we hear severe drought, severe heat, severe flooding, etc. we know we're in for trouble. Now that we're attaching the word "severe" to our staffing shortage we are wise to take note. [A report](#) from March of this year indicated some easing. Although a decrease, 92% of America was in a severe drought and it dropped to 82% in a year. Severe is severe. That's a pretty rosy way to paint a bleak picture.

We need more than a break from the staffing drought we are currently experiencing in senior living. We need lasting solutions. Smarter tech is ready to do its part. ELDR is here to make your community our priority.

MEET RACHAEL...

Rachael Bowen, Project Manager and Senior Tech specialist for over 6+ years, is a force to be reckoned with. This power woman is the definition of hard work and passion when it comes to making your community our priority. Between being a mom of two children under the age of 2, and successfully managing an average of 10+ projects at a time, this rock star puts her heart and soul in everything she does. We are forever grateful for her dedication to her clients and the ELDR team.

NAZARETH LIVING CENTER - BENEDICTINE AFFILIATE

"Dale is a dream. He is so kind and helpful and was a huge help last week!"

Another succesful install for the books! Last week we travelled to St. Louis, Missouri to work with Cindy Rebbe, Housing Director for Nazareth Living Center, on providing a Wander Management solution for her Assisted Living and Memory Care units. No safer place to be than in the hands of her and her staff.

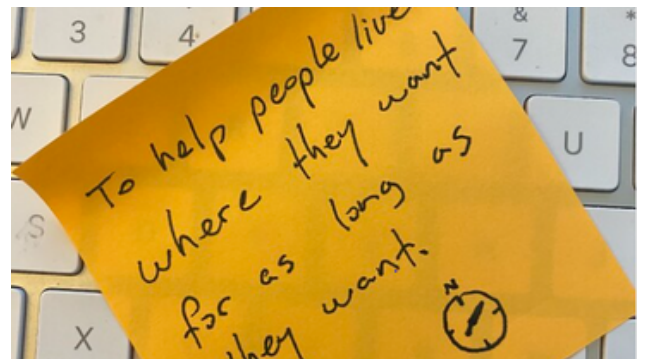

Thank you, Cindy! You're a dream yourself and we love working with you!
